CHAMPIONSHIP REGULATIONS

THE GRID X LAMBORGHINI

Title 1: Specific Conditions

1. Organising Company

The company THE GRID, a French société par actions simplifiée (SAS) with capital of €1,000, whose registered office is located at 20 bis rue Louis Philippe, 92200 NEUILLY-SUR-SEINE (hereinafter the "Organising Company"), organises a championship called "THE REAL RACE SUPER TROFEO ESPORTS by THE GRID at E-MOTION", from 21 June 2026 to 4 October 2026 inclusive (hereinafter the "Championship").

2. Participants

The Championship is open to any natural person who is over 14 years of age on 21 June 2026 (hereinafter the "Participant"). If the winner is a minor on the date of the event, their participation will be subject to the presence and accompaniment of an adult holding parental authority, or to written parental authorisation.

Any person who has contributed to organising the Championship is excluded from participating in the Championship and from benefiting from any prize, whether directly or indirectly.

3. Participation terms

Duration: from 21 June to 4 October 2026.

Registrations for the Championship remain open until the last qualifying round, i.e. at the latest 4 October 2026.

Participation in the Championship requires the Participant to register online on the website www.the-grid.racing/fr and to attend in person at the participating E-MOTION network centres on the scheduled day and time, in order to complete their participation through the associated driving session.

The Participant must complete the whole race offered in order to be included in the ranking referred to in Article 4 of these regulations.

4. Championship format

The Championship is open to anyone meeting the conditions set out in Article 2 of the Specific Conditions, subject to the format described in this article.

The Championship will consist of four (4) rounds.

The provisional schedule for the Championship is set out below, it being specified that it may be subject to minor changes at the initiative of the Organising Company:

- ROUND 1: 21 June 2026 to 19 July 2026;
- ROUND 2: 24 July 2026 to 9 August 2026;
- ROUND 3: 28 August 2026 to 13 September 2026;
- ROUND 4: 18 September 2026 to 4 October 2026.

The Participant registers for a session which is divided as follows:

- Warm Up: 10 min
- 10-lap race

Once the race has started, it cannot be restarted from the beginning. The Participant may take part as many times as they wish; only the best race time will be taken into account in the final ranking.

A ranking is drawn up for each round, ranking all participants according to their total race time.

At the end of each round, drivers ranked from 1st to 11th place will be awarded points based on their timed performance. At the end of the last round, the general ranking will determine the result of the championship by adding together the points obtained in each round. In the event of a tie in total race time, the drivers concerned will be separated on the basis of the best lap time of the session in which the tie occurred.

The summary table of points awarded according to ranking is shown below.

Ranking	Points
1	15
2	12
3	10
4	8
5	7
6	6
7	5
8	4
9	3
10	2
11	1

In addition to the four rounds mentioned above, three additional rounds will be organised directly on circuit using our E-MOTION ON TOUR simulators, which will travel to the following events:

- From 24 to 28 June 2026: Spa-Francorchamps Circuit
- From 31 July to 2 August 2026: Magny Cours Circuit
- From 2 to 4 October 2026: Barcelona Circuit

The Participant registers for a session costing €20 incl. VAT, which is divided as follows:

- 2 qualifying laps
- 4 race laps (AI opponents present on track)

The ranking for these rounds differs from the ranking applied to the previous rounds. The reference performance used is the best lap time ("best lap") achieved during the four race laps. Total race time is not taken into account in establishing the ranking for these rounds.

For each round, the car and settings are set in advance by the Organising Company and will be identical for all Participants. As regards the vehicle used, all Championship events will be contested on the simulator reproducing the following vehicle:

- Lamborghini Huracan racing car equivalent to the Lamborghini Huracan ST EVO 2.

The Organising Company reserves the right to change the vehicle used in the event of technical, operational or sporting necessity.

5. Participation terms

5.1. Registration terms

The Participant may register for the Championship on the website www.the-grid.racing/fr by:

- Paying a round registration fee of €55 incl. VAT;
- Subscribing to a session set at an amount of €30 incl. VAT (and €30 incl. VAT for each retry).

5.2. Conditions for valid participation

The Participant must use a simulator certified as "GT Ultimate" by THE GRID.

The Participant accepts without reservation the equipment made available to participants by the organiser, namely: a GT Ultimate LP Simu simulator, fitted with MOZA RACING components. The organiser certifies the hardware configuration, as well as the settings.

To this end, all parameters of the "GT Ultimate" simulators and of the Championship will be configured identically for each round for all Participants in order to guarantee fairness.

Any unauthorised alteration of the technical parameters of the vehicle or of the simulator applicable to a driving session will be regarded as a non-compliance and will result in the automatic cancellation of the timed result of the driver concerned. Such an irregularity may be identified either in real time during the session or subsequently, in particular by means of an analysis of telemetry data and any other available technical evidence.

This cancellation will take effect with no possibility of reimbursement of the session concerned, nor any form of compensation.

5.3.

The Participant is informed and accepts that the information entered on the registration form shall serve as proof of identity pending the submission of the relevant supporting documents.

6. Determination of winners

The participant with the best race time in each round will be the winner, i.e. 4 winners for 4 rounds (hereinafter the "Round Winners").

In addition, at the end of each round, a general ranking will be drawn up by adding together the points obtained by each driver. There will be three (3) winners of the general ranking (hereinafter the "General Ranking Winners").

Furthermore, a non-winning participant will also be drawn by lot at the end of the challenge, i.e. on 5 October 2026, from among all participants in the challenge (hereinafter the "Prize Draw Winner").

The validated and final results will be available on the website www.the-grid.racing/fr.

1.2.

Participation in the Championship is strictly personal and nominative. Only one participation and/or registration per household (same surname, first name and address) will be accepted, and a Participant may not under any circumstances play under several names or on behalf of another person. Participants authorise any verification of their identity and other information requested, in strict compliance with Article 9 of the French Code Civil.

1.3.

Any registration made by a means other than that specified in the Specific Conditions will not be taken into account. Any participation that is, in particular, incomplete, illegible, contains inaccurate contact details, or is sent after the registration deadline set out in the Specific Conditions, will be considered void.

1.4.

Any false statement (identity, address, etc.) and/or any attempted fraud will result in the immediate voidance of the participation, without prejudice to the Organising Company's right to take legal action against the perpetrator of the offence. The Organising Company may exclude any Participant whose dishonest or fraudulent conduct harms the proper running of the Championship.

1.5.

Any Participant who breaches the provisions of these regulations by any means whatsoever may not claim any prize that might otherwise have been awarded to them, such prize remaining the property of the Organising Company.

2. Delivery of the Prizes

Each winner will be informed of their prize by the Organising Company by any means of its choosing (email, phone call or postal mail) using the contact details provided when registering for the Championship. Non-winning Participants will not be notified.

However, the Organising Company reserves the right to substitute, at any time, any one of the prizes offered with a prize of equivalent value, without its liability being engaged as a result.

2.3.

If the winner does not wish or is unable to take possession of their prize or to use it during the validity period, they will not be entitled to any compensation, and the Organising Company reserves the right to award the prize to a substitute winner.

2.4.

Prizes are awarded on a nominative basis and may under no circumstances be collected or used by any other person designated by the Participants who won them.

3. Use of equipment/connection

In view of the participation arrangements described in the Specific Conditions, the Organising Company disclaims all liability in the event of misuse, of any incident linked to misuse of the equipment or software by the Participant, of vandalism, disruption, breakdown, hacking or any technical event resulting in a malfunction of the server, Internet access, the internet or telephone connection, or the computer, which could, for a given period, prevent access to the Championship.

In the event of a technical malfunction of a simulator preventing a Participant from completing a race or a timed session (hotlap), the Organising Company may, at its discretion, organise a

new session or restart the event concerned in order to allow the Participant to compete under fair conditions.

In any event, participation in the Championship implies in particular the Participant's knowledge and acceptance of the characteristics and limitations of the Internet, and in particular the lack of protection of certain data against possible misuse or hacking, or the risk of contamination by any viruses present on the network, as well as acceptance of the regulations of the sim centre concerned.
